# Fisheries Technology

What is unique about Fish Tech and other UA Fisheries programs?

All classes and degrees were designed with industry input to insure that students would have the skills required for employment

All classes are offered distance delivery to anywhere with a computer and a decent internet connection

Outreach coordinators in five Alaska communities recruiting students and working with fisheries industries

Developing asychronous classes to be offered on Ipads or DVDs for students with limited internet connections or non-traditional semesters

LET SALMON LEAD YOU UP THE LADDER
