Dear UA Community

The Governor's office has told me that we will know the state unrestricted

If a veto of a substantial amount occurs, I will need your help. Contact your legislator and advocate for a veto override. Please convey the message that a substantial veto will disrupt students' training and education, and ask that legislators act to preserve the university as a highly accessible and affordable path to an excellent education that offers opportunities that only education can provide to the workforce.

Thank you for your support and for all that you do on behalf of the University of Alaska.
