Introduction

This appendix provides a more comprehensive guide to group travel. These guidelines are followed when all expenses are covered by a group leader, and members do not receive individual reimbursements from the University of Alaska (UA).

Per Diem Allowance

- 1. The group leader can request a travel advance to cover the per diem for their group members
 - a. Requires Cash Advance enabling before Request is submitted (contact Cash Advance Admin)
 - b. Once enabled, Cash Advance is available on the Request Header
 - c. If the advance is not requested with the trip Request, the group leader can still request one by directly contacting their Cash Advance Admin
- 2. The group leader can also have Cash Advance enabled on their travel card
 - a. Allows them to use their travel card to withdraw money from an ATM
 - b. This is an option if the cash advance amount does not exceed their card limits
 - c. no5

After Travel

- Complete a Report from the group leader's Request that includes all expenses for the group
- 2. Lodging
 - a. The group leader's lodging costs are expensed as 'bdging' and itemized accordingly
 - b. The group members' lodging costs are expensed as "Group Lodging"
 - i. If the group leader's lodging is included in the group members' lodging, the entire cost is expensed as "Group Lodging"
 - ii. Use single itemizations to separate any non-lodging costs (e.g. "Per Diem Offset Meal")
 - c. Use Payment Type "Prepaid by University" to document lodging paid on a ProCard or through Procurement
- 3. Per Diem Allowance
 - a. If the group leader distributes cash per diem to the group members, use Expense Type "Group Per Diem" to document the amount(s) provided
 - i. Requires a sign off sheet specifying the amount of cash disbursement received by each group member
 - ii. Limited to the allowable per diem for each group member at the business location rate
 - iii. Cannot exceed thetotal from the sign off sheet
 - b. The group leader's per diem isapplied via Expenses & Adjustments in the Travel Allowance, instead of included in sdl3(ap)-9.t2-1.8(a)n(b.)Tj /gt002 .8(i)aied3-3.ied3-3.iedeisitr i.8
